PHARMACY BENEFITS

Your prescription tiers at a glance

Prescription coverage is part of every Solo plan. Only medications on this list are covered. Costs work simply: preventive Tier 1 medications are always $0, and every other tier is paid in full until your deductible is met, then settles to the flat cost shown below — the same in-network and out.

TIER	RETAIL (30-DAY)	MAIL ORDER (90-DAY)	WHEN
Tier 1 — ACA Preventive	$0	$0	Deductible waived
Tier 2 — Preferred Generics	$15	$30	After deductible
Tier 3 — Non-Preferred Generics & Preferred Brands	$50	$100	After deductible
Tier 4 — Non-Preferred Brands	$100	$200	After deductible
Tier 5 — Specialty Drugs	$0 up to a $1,000/Rx maximum benefit; you pay any cost above $1,000 (30-day supply limit)		After deductible
Tier 6 — Non-Formulary	Not covered		—

Good to know

- **Reading the list:** generic medications appear in lowercase; BRAND names are capitalized. Inclusion on this list does not guarantee coverage — age, condition, or other requirements may apply.
- **Non-specialty cost ceiling:** all non-specialty drugs over $1,000 per 30-day fill (or $3,000 per 90-day fill) are excluded from coverage.
- **Some medications carry extra steps:** prior authorization, step therapy, or quantity limits may apply before coverage is approved.
- **Brand/generic differential:** if you request a brand when your doctor allows the generic, you pay the brand copay plus the cost difference — and that difference does not count toward your out-of-pocket maximum.
- **A prescription is required for everything on this list** — including over-the-counter items in Tier 1.
- **This list changes:** the covered-medication list is reviewed periodically, with any changes communicated 30 days in advance.

> **Want to confirm a specific medication before you enroll?** Book a call and we'll walk through your coverage with you: **solo.health/contact**

ACA Preventive Medication List

Patient Protection & Affordable Care Act (ACA) preventive medications

$0 · Deductible Waived

The Patient Protection and Affordable Care Act (ACA) makes coverage of certain preventive medications and supplements available to you at no cost (no copay, no coinsurance, no deductible). This following list of preventive medications should be used as a guide. It is not considered a comprehensive list of medications covered without cost-sharing.

Important information

- Generic medications are listed in lower case letters and brand name medications are CAPITALIZED.
- A prescription from a licensed healthcare provider is required for all ACA medications, including over the counter (OTC) drugs.
- Inclusion on this list does not guarantee coverage.
- Some medications listed may not be covered under your prescription drug plan and may be covered under your medical plan.
- Certain restrictions, such as age or condition, or other requirements may apply to receive these drugs at no cost.
- Only generics and the brands listed are covered at no cost share. Note: Brands listed will no longer be covered when the generic becomes available.
- An exceptions process is available if a brand is medically necessary when the listed agent(s) are not medically appropriate.
- This list is subject to change as ACA guidelines are updated.
- For specific questions about your coverage, please call the phone number printed on your member ID card.
